TTN # 51995

BRAKE BLEEDER KIT

This is the ideal set for bleeding brake and hydraulic clutch systems without having to remove the wheel or put the vehicle on a lift. NO AIR LOCK - the wrenches seal to the bleeder valve, and allows user to tighten or loosen the bleaded valves without breaking the seal.

SET INCLUDES: Double-Ended Wrenches:
(1) 7 x 8mm, (1) 9 x 10mm, (1) 11 x 12mm,
(1) 3/8" Single-ended SAE wrench,
(1) Clear silicone bleeder hose with check valve that eliminate air or old fluid from entering the brake system.
(1) Blow-molded storage case.
